INDEPENDENT AUDITORS' REPORT

To the Board Members of the Louisiana Soybean and Grain Research and Promotion Board P. O. Box 95004 Baton Rouge, Louisiana 70895-9004

We have audited the accompanying financial statements of the business-type activities of the Louisiana Soybean and Grain Research and Promotion Board, a component unit of the State of Louisiana, as of and for the year ended June 30, 2009, which collectively comprise the Board's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Louisiana Soybean and Grain Research and Promotion Board's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Louisiana Soybean and Grain Research and Promotion Board as of June 30, 2009, and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The required supplemental information, as listed in the table of contents, is not a required part of the basic financial statements, but is supplementary information required by the Governmental Accounting Standards Board. This required supplemental information is the responsibility of the Louisiana Soybean and Grain Research and Promotion Board's management. It has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects when considered in relation to the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued our report dated October 9, 2008, on our consideration of the Louisiana Soybean and Grain Research and Promotion Board's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

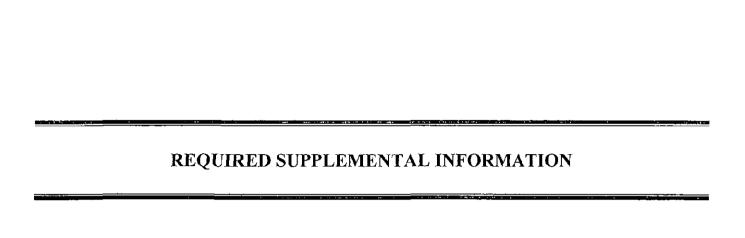

The accompanying supplemental information listed in the table of contents under Supplemental Schedules and Information and Other Required Supplementary Information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2009

The purpose of this section is to offer a narrative overview and analysis of the Louisiana Soybean and Grain Research and Promotion Board's (hereafter referred to as the Board) financial performance during the year ended June 30, 2009. It focuses on the current year's activities, resulting changes and currently known facts. It should be read in conjunction with the financial report taken as a whole.

Financial Highlights

- The Board's assets exceeded its liabilities at the close of the year by \$1,039,678
- More than 95% of the Board's revenues were spent on research and promotion projects

Overview of the Financial Statement Presentation

These financial statements are comprised of these components - (1) management's discussion and analysis, (2) basic financial statements, (3) notes to the financial statements and (4) required supplemental information. There is also other supplementary information contained in this report provided for additional information.

Basic Financial Statements. The basic financial statements present information for the Board as a whole in a format designed to make the statements easier for the reader to understand. Statements in this section include the following:

Statement of Net Assets. This statement presents information on all of the Board's assets and liabilities with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Board is improving or not.

Statement of Revenues, Expenses and Changes in Fund Net Assets. This statement presents information showing how the Board's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. This statement is designed to show the Board's financial reliance on general revenues.

Statement of Cash Flows. The change in cash as a result of current year operations is depicted in this statement. The cash flow statement includes a reconciliation of operating income (loss) to the net cash provided by or used for operating activities as required by GASB No. 34.

The basic financial statements begin on page 9.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

The index of the notes is found on page 14 with the actual notes beginning immediately afterwards.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2009

Required Supplementary Information. As a component unit of the State of Louisiana, the Board complies with the reporting requirements of the Division of Administration, Office of Statewide Reporting and Accounting. The Louisiana Comprehensive Annual Financial Report completed with information relative to the Board is included in other required supplementary information.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain other information that is deemed useful to readers of this report.

Financial Analysis of the Board

Net assets are an indicator of the Board's financial position from year to year. A summary of net assets follows.

SUMMARY OF NET ASSETS

Capital Asset and Debt Administration

Capital Assets: The Board does not currently own any capital assets.

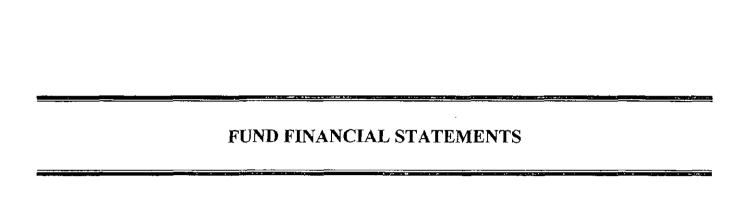

Debt Administration: The Board does not have any debt outside of trade payables.

Economic Environment and Next Year's Budget

Ultimately, the harvested production of soybeans, com, grain sorghum and wheat will determine the overall funds available for research and promotion projects. The Board allocates funds after the various grains are harvested and most of the assessments have been collected. Louisiana's production acreage for all of these crops was slightly lower than the previous year. With normal yields and reduced acreage, the Board will had to give careful consideration in continuing to either reduce research programs or allocate reserves. For soybean projects, the income available will also be impacted by prices since the soybean assessments are a percent of value.

Request for Information

This financial report is designed to provide a general overview of the Board's finances, comply with finance-related laws and regulations and demonstrate the Board's commitment to public accountability. Any questions or requests for additional information can be obtained by contacting Kyle McCann, P.O. Box 95004, Baton Rouge, Louisiana 70895-9004.

LOUISIANA SOYBEAN AND GRAIN RESEARCH AND PROMOTION BOARD DEPARTMENT OF AGRICULTURE AND FORESTRY STATE OF LOUISIANA NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2009

INTRODUCTION

The Louisiana Soybean and Grain Research and Promotion Board is a component unit of the State of Louisiana. It was created by Louisiana Revised Statute 3:551 within the Department of Agriculture and Forestry. The Board is charged with the responsibility of promoting the growth and development of the soybean, wheat, corn and grain sorghum industries in Louisiana through research and promotions.

The Board is composed of ten producer members that are appointed by the Governor of the State of Louisiana and serve terms concurrent with the Governor. Of the ten members, eight shall be soybean producers while two shall be practical producers of wheat, corn or grain sorghum. The Commissioner of Agriculture serves as an ex-officio member. Board members, as authorized by Louisiana Revised Statute 3:551.32, receive expense reimbursements to attend meetings or conduct board-approved business.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting practice of the Louisiana Soybean and Grain Research and Promotion Board conforms to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statute 24:513 and to the guides set forth in the Louisiana Governmental Audit Guide, and to the industry audit guide Audits of State and Local Governmental Units.

The following is a summary of certain significant accounting policies:

Financial Reporting Entity: Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification) established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. For financial reporting purposes, in conformance with GASB Codification Section 2100, the Board is considered a component unit of the State of Louisiana because the State exercises oversight responsibility in that the Governor appoints the board members and public service is rendered within the State's boundaries. The accompanying financial statements present only the transactions of the Louisiana Soybean and Grain Research and Promotion Board.

Fund Accounting: The Board uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

LOUISIANA SOYBEAN AND GRAIN RESEARCH AND PROMOTION BOARD DEPARTMENT OF AGRICULTURE AND FORESTRY STATE OF LOUISIANA NOTES TO FINANCIAL STATEMENTS JUNE 30, 2009

A fund is a separate entity with a self-balancing set of accounts. Funds of the Board are classified under one category: proprietary. This category, in turn, is further divided into separate fund types. The fund classifications and a description of each existing fund type follow:

<u>Proprietary Funds</u> – used to account for governmental activities that are similar to activities performed by commercial enterprises in that goods/services are provided for a fee. Proprietary funds of the Board included the following fund types:

1. Enterprise Funds – account for operations (a) where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Basis of Accounting/Measurement Focus: In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. The GASB has issued a Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification). This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying financial statements have been prepared in accordance with such principles and are maintained in accordance with applicable statutory provisions and the regulations of the Division of Administration — Office of Statewide Reporting and Accounting Policy.

Basis of accounting refers to when revenues and expenses are recognized and reported and relates to the time of the measurement, regardless of the measurement focus applied. The fund financial statements of the Board are reported using an economic resources measurement focus and the accrual basis of accounting. With this measurement focus, all assets and liabilities associated with the operation of business-type activities are included in the statement of net assets. Revenues are recognized when earned, and expenses are recognized at the time the liabilities are incurred. In these statements, capital assets are reported and depreciated in each fund, and long-term debt is reported.

Operating/Non-Operating Revenues: Proprietary funds separately report operating and non-operating revenues. Revenues from assessments and grants for operating purposes are considered operating revenues. All other revenues, which are reported as cash flows from capital or non-capital financing and investing, are reported as non-operating revenues.

Application of FASB Statements and Interpretations: Reporting on governmental-type and business-type activities is based on FASB Statements and Interpretations issued after November 30, 1989, except where they conflict or contradict GASB pronouncements.

LOUISIANA SOYBEAN AND GRAIN RESEARCH AND PROMOTION BOARD DEPARTMENT OF AGRICULTURE AND FORESTRY STATE OF LOUISIANA NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2009

Budgets and Budgetary Accounting: The Board adopts an annual budget prepared in accordance with the basis of accounting utilized by that fund although it is not legally required to do so. It is reviewed and amended, if necessary, at each Board meeting.

Cash and Cash Equivalents: Cash and cash equivalents include amounts in interest-bearing demand deposits. Under state law, the Board may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

For purposes of the statement of cash flows, all highly liquid investments with a maturity of three months or less are considered to be cash equivalents.

Investments: Investments are limited by Louisiana Revised Statute 33:2955. If the original maturities of investments exceed 90 days, they are classified as investments. Otherwise, the investments are classified as cash and cash equivalents. In accordance with GASB Statement No. 31, investments are recorded at fair value with the corresponding increase or decrease reported in investment earnings.

Inventory: Inventory of the Board includes only office supplies and printed materials, the amount of which is considered immaterial. Therefore, the acquisition of these items is expensed when purchased, and the inventory on hand at year-end is not reported in the accompanying financial statements.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Capital Assets: Capital assets are recorded at historical cost. Depreciation is recorded using the straight-line method over the useful lives of the assets. Generally, the Board includes all capital acquisitions with a cost of \$5,000 in its fixed asset inventory. However, certain items at a cost below that amount may be capitalized if benefits of the item will extend beyond one year and/or the Board wants to monitor the item. The Board does not have any capital assets at June 30, 2009.

Compensated Absences: The Board does not have any employees.

Net Assets: In the statement of net assets, the difference between a government's assets and liabilities is recorded as net assets. The three components of net assets are as follows:

Invested in Capital Assets, Net of Related Debt

This category records capital assets net of accumulated depreciation and reduced by any outstanding balances of bonds, mortgages, notes or other borrowings attributable to the acquisition, construction or improvement of capital assets.

LOUISIANA SOYBEAN AND GRAIN RESEARCH AND PROMOTION BOARD DEPARTMENT OF AGRICULTURE AND FORESTRY STATE OF LOUISIANA NOTES TO FINANCIAL STATEMENTS JUNE 30, 2009

Restricted Net Assets

Net assets reserved by external sources such as banks or by law are reported separately as restricted net assets. When assets are required to be retained in perpetuity, the non-expendable net assets are recorded separately from expendable net assets. These are components of restricted net assets. Restricted resources are exhausted before unrestricted net assets are used.

Unrestricted Net Assets

This category represents net assets not appropriable for expenditures or legally segregated for a specific future use.

NOTE 2 - CASH AND CASH EQUIVALENTS

The following is a summary of cash and cash equivalents at June 30, 2009:

	Book Balance	Bank Balance
Interest-bearing demand deposits	\$ 1,422,024.54	\$ 1,425,200.54

These deposits are stated at cost, which approximates market. Under state law, they must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding, or custodial bank that is mutually acceptable to both parties.

With the adoption of GASB Statement No. 40, only deposits that are considered exposed to custodial credit risk are required to be disclosed. The Board does not have any deposits that fall within this category. Deposits of the Board are secured with \$200,000 (Capital One) of insurance through FDIC and \$2,082,919 of pledged collateral.

NOTE 3 – INVESTMENTS

Investments can be exposed to custodial credit risk if the securities underlying the investment are uninsured and unregistered, not registered in the name of the entity or are held either by the counterparty or the counter-party's trust department or agent but not in the entity's name. All investments of the Board are certificates of deposit with maturities extending beyond 90 days. They are not subject to custodial credit risk. At June 30, 2009, the Board had one certificate whose reported amount equaled its fair value as follows:

	<u>Maturity</u>	Interest Rate	Amount
Capital One	9/21/09	0.33%	\$ 200,000.00

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2009

NOTE 4 – RECEIVABLES

The Board receives an assessment of one-cent per bushel on soybeans and one-half cent per bushel on wheat, corn and grain sorghum grown within the State. It is collected by the buyer at the first point of sale and remitted each month to the Commissioner of Agriculture. It is forwarded the following month, less administrative fees, to the Board. June collections remitted to the Board in the subsequent period included the following:

Class of Receivable

Amount

Assessments

\$ 32,971.68

The allowance for doubtful accounts is set at zero percent because collection is expected at 100%.

NOTE 5 - LEASES

The Board did not have any operating or capital leases at June 30, 2009.

NOTE 6 – ACCOUNTS AND OTHER PAYABLES

The following is a summary of payables at June 30, 2009:

Class of Payables	<u>Amount</u>
Accounts Assessments	\$ 579,824.00 <u>35,494.64</u>
Total	615.318.64

NOTE 7 – LONG-TERM LIABILITIES

The Board has no long-term debt.

NOTE 8 – RELATED PARTY TRANSACTIONS

The Board is a member of the United Soybean Board and has certain compliance requirements to that Board under the Soybean Promotion, Research and Consumer Information Act. Assessments collected on behalf of and remitted to the United Soybean Board are presented in Supplemental Schedules and Information on page 24. A balance of \$35,494.64 is due to the United Soybean Board for the quarter ended June 30, 2009. This was remitted in July of 2009.

LOUISIANA SOYBEAN AND GRAIN RESEARCH AND PROMOTION BOARD DEPARTMENT OF AGRICULTURE AND FORESTRY STATE OF LOUISIANA NOTES TO FINANCIAL STATEMENTS JUNE 30, 2009

NOTE 9 – LITIGATION

There is no litigation that would require disclosure in this report.

NOTE 10 - SUBSEQUENT EVENTS

There have been no events between the close of the year through issuance of this report that would materially impact these financial statements.

SCHEUDLE OF ASSESSMENTS PAID TO UNITED SOYBEAN BOARD YEAR ENDED JUNE 30, 2009

Under the United States Soybean Promotion, Research and Consumer Information Act, the United Soybean Board is allowed to assess one-half of one percent of the net market price of soybeans sold by the producer to the first purchaser. This Act further states that, "No more than one assessment shall be made on any soybeans" and that, "The Board shall use qualified State soybean boards to collect such assessments in States in which such boards operate." As a result, the Louisiana Soybean and Grain Research and Promotion Board is required to collect assessments from soybean producers on behalf of the United Soybean Board.

REPORT ON COMPLIANCE AND OTHER MATTERS AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board Members of the Louisiana Soybean and Grain Research and Promotion Board P. O. Box 95004
Baton Rouge, Louisiana 70895-9004

We have audited the financial statements of the business-type activities of the Louisiana Soybean and Grain Research and Promotion Board as of and for the year ended June 30, 2009, which collectively comprise the Louisiana Soybean and Grain Research and Promotion Board's basic financial statements and have issued our report thereon dated August 24, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Louisiana Soybean and Grain Research and Promotion Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance that is required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Louisiana Soybean and Grain Research and Promotion Board's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectively of the Louisiana Soybean and Grain Research and Promotion Board's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Louisiana Soybean and Grain Research and Promotion Board's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Louisiana Soybean and Grain Research and Promotion Board's ability to initiate, authorize, record, process or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Board's financial statements that is more than inconsequential will not be prevented or detected by the Board's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Board's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management and Legislative Auditor and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, the Legislative Auditor distributes this report as a public document.

REPORT ON COMPLIANCE WITH THE SOYBEAN PROMOTION, RESEARCH AND CONSUMER INFORMATION ACT AND THE SOYBEAN PROMOTION AND RESEARCH ORDER, BASED ON AN AUDIT PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board Members of the Louisiana Soybean and Grain Research and Promotion Board P. O. Box 95004 Baton Rouge, Louisiana 70895-9004

We have audited the basic financial statements of the Louisiana Soybean and Grain Research and Promotion Board as of and for the year ended June 30, 2009, and have issued our report thereon dated August 24, 2009. We conducted our audit in accordance with auditing standards generally accepted in the Untied States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance with the Soybean Promotion, Research and Consumer Information Act (hereafter referred to as the Act) and the Soybean Promotion and Research Order (hereafter referred to as the Order) relative to the use of funds collected by the State Board and with the terms described in Section 1220.228(a) of the Order relative to the investment of funds collected by the State Board is the responsibility of the Louisiana Soybean and Grain Research and Promotion Board's management. As part of obtaining reasonable assurance about whether the Louisiana Soybean and Grain Research and Promotion Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of our tests, however, disclosed no instances of noncompliance with the Act or Order as described above that is required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management and Legislative Auditor and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. Management's Discussion and Analysis of the Louisiana Soybean and Grain Research and Promotion Board' (hereinafter referred to as the Board) financial performance presents a narrative overview and analysis of the Board's financial activities for the year ended June 30, 2009. This document focuses on the current year's activities, resulting changes, and currently known facts in comparison with the prior year's information. Please read this document in conjunction with the additional information contained in the Board's financial statements.

FINANCIAL HIGHLIGHTS

- The Board's assets exceeded its liabilities by \$1,039,678 at June 30, 2009
- More than 95% of the Board's revenues were spent on research and promotion projects

OVERVIEW OF THE FINANCIAL STATEMENTS

The following graphic illustrates the minimum requirements for Special Purpose Governments Engaged in Business-Type Activities established by Governmental Accounting Standards Board Statement 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments.

These financial statements consist of three sections - Management's Discussion and Analysis (this section), the Basic Financial Statements (including the notes to the financial statements), and Required Supplementary Information.

Basic Financial Statements

The basic financial statements present information for the Board as a whole, in a format designed to make the statements easier for the reader to understand. The statements in this section include the Balance Sheet; the Statement of Revenues, Expenses, and Changes in Fund Net Assets; and the Statement of Cash Flows.

The <u>Balance Sheet</u> presents the current and long-term portions of assets and liabilities separately. The difference between total assets and total liabilities is net assets and may provide a useful indicator of whether the financial position of the Board is improving or deteriorating.

The <u>Statement of Revenues</u>, <u>Expenses</u>, <u>and Changes in Fund Net Assets</u> presents information showing how the Board's assets changed as a result of current year operations. Regardless of when

cash is affected, all changes in net assets are reported when the underlying transactions occur. As a result, there are transactions included that will not affect cash until future fiscal periods.

The <u>Statement of Cash Flows</u> presents information showing how the Board's cash changed as a result of current year operations. The cash flow statement is prepared using the direct method and includes the reconciliation of operating income(loss) to net cash provided(used) by operating activities (indirect method) as required by GASB 34.

Restricted net assets represent those assets that are not available for spending as a result of legislative requirements, donor agreements, or grant requirements. Conversely, unrestricted net assets are those that do not have any limitations on how these amounts may be spent.

Net assets of the Board decreased by \$39, or 3%, from June 30, 2008 to June 30, 2009. One reason is because the 2009 projects funded with approval of the Board utilized funds available from the prior year.

The Board's total revenues increased by \$89 or 5%. The total cost of all projects funded, professional services and administration increased by 22% or \$3vices and administration increased by 22% or \$344.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The Board does not have any capital assets.

Debt

The Board has no debt other than trade payables.

VARIATIONS BETWEEN ORIGINAL AND FINAL BUDGETS

The Board does not adopt an annual budget. It approves research and promotion projects. In 2009, the total projects funded totaled \$1,143 while administrative contracts executed totaled \$3,850.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The Board's elected and appointed officials considered the following factors and indicators when setting next year's budget, rates, and fees:

- Potential impact on the economy on farmers
- · Anticipated needs of farmers for project funding decisions

CONTACTING THE BOARD'S (BTA) MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the Board's (BTA) finances and to show the Board's (BTA) accountability for the money it receives. INTRODUCTION

The Board was created by the Louisiana State Legislature under the provisions of Louisiana Revised Statute 37:142. The following is a brief description of the operations of the Board and includes the parishes in which the Board is located:

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. The GASB has issued a Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification). This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying financial statements have been prepared in accordance with such principles.

The accompanying financial statements of the Board present information only as to the transactions of the programs of the Board as authorized by Louisiana statutes and administrative regulations.

Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounts of the Board are maintained in accordance with applicable statutory provisions and the regulations of the Division of Administration – Office of Statewide Reporting and Accounting Policy as follows:

Revenue Recognition

Revenues are recognized using the full accrual basis of accounting; therefore, revenues are recognized in the accounting period in which they are earned and become measurable.

Expense Recognition

Expenses are recognized on the accrual basis; therefore, expenses, including salaries, are recognized in the period incurred, if measurable.

B. BUDGETARY ACCOUNTING

The Board does not adopt an annual budget.

C. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

1. DEPOSITS WITH FINANCIAL INSTITUTIONS

For reporting purposes, deposits with financial institutions include savings, demand deposits, time deposits, and certificates of deposit. Under state law the Board may deposit funds within a fiscal agent bank selected and designated by the Interim Emergency Board. Further, the Board may invest in time certificates of deposit in any bank domiciled or having a branch office in the state of Louisiana; in savings accounts or shares of savings and loan associations and savings banks and in share accounts and share certificate accounts of federally or state chartered credit unions.

For the purpose of the Statement of Cash Flows and balance sheet presentation, all highly liquid investments (including negotiable CDs and restricted cash and cash equivalents) and deposits (including nonnegotiable CDs and restricted cash and cash equivalents) with a maturity of three months or less when purchased are considered to be cash equivalents.

Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are required to be held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts held by the State Treasurer.

GASB Statement 40, which amended GASB Statement 3, eliminated the requirement to disclose all deposits by three categories of risk. GASB Statement 40 requires only the disclosure of deposits that are considered to be exposed to custodial credit risk. An entity's deposits are exposed to custodial credit risk if the deposit balances are either 1) uninsured and uncollateralized, 2) uninsured and collateralized with securities held by the pledging financial institution, or 3) uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the entity's name.

The deposits at June 30, 2009, consisted of the following:

		<u>Cash</u>		Nonnegotiable Certificates of Deposit	Other (Describe)		<u>Total</u>	
Balance per agency books (Balance Sheet)	\$	1,422,025	\$_		.	\$_	1,422,024.54
